PROJECTS

Library based management system

Designed and implemented a digital system to manage book records, student details, and transactions efficiently. The application reduces manual errors, enables quick search and retrieval of data, and automates book issue/return processes.

Smart Police System

Developed a Smart Police System aimed at improving crime reporting and case tracking through a centralized digital platform. The system allows users to file complaints online and enables police to manage cases more efficiently.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science
The National Institute Of Engineering, Mysore.
2022 – Present
Currently in 5th Semester
CGPA: 7.5

Diploma in Computer Science
D Banumaiah's Polytechnic, Mysore.
Completed in 2021
